

SOCIAL EMPOWERMENT THROUGH WORK EDUCATION AND ACTION (SEWA)

"Organising Sports Tournament in the School"

The topic that was allocated for our "SEWA" Project was "Organising Sports Tournaments in School Premises or Locality". Our Volunteers were divided into 4 groups and assigned duty namely, selection, fixtures, conduct of tournament, scoring sheet and so on, to be performed. We gathered funds for the project from sponsors - both parents and neighbours.

The trial run of the activity was made for the students of Grade XI and XII. The students were divided into Team A and B and two games played. The boys played football while the girls organised a match of basketball.

The fixtures and scoreboards were prepared and maintained. The 'trial tournament' was successfully completed.

With the conduct of this activity, we developed sportsmanship skills and developed respect for the game. The students had fun and put their heart and soul in the activities.

On the occasion of Teacher's Day, we conducted Slow Cycling Race, Rangoli Competition for all the Group-D Staff Members, while Badminton and Throwball were conducted for the female staff and Volleyball for the male staff. We were guided by our Mentor and the Physical Education Trainer to execute the task to perfection.

The all new experience of students playing 'Referee' and 'Team Managers' was indeed a new way of collaboration and team work.
