

Dear parents,

Keeping in view the vast course of Class XI & XII, it has become imperative on the part of the school to register the students of class X for Class XI by the month of April every year. We have observed during the last five years that the students those who are taking admission into Science stream securing less than 80% are not able to cope up with the syllabus, as a result, most of them are not able to clear the class XI examinations.

In order to accommodate all the class X students of the school in class XI Science, Commerce & Humanities and make them sure to build a bright career in respective streams as per their ability, like past years, the Academic Committee of the school has fixed the following criteria for admission of our students to class XI for the session 2022-23. The school will consider the average Term-1 and P.A.-3(to be conducted in the Month of January, 2021) to draw the merit list for different streams as per the performances of the students. The criteria for admission into Class XI are furnished below.

A. Science Stream

- A minimum of 80% in aggregate and
- A minimum of 75% in Science & 75% in Mathematics (standard) & if declared pass.

B. Commerce Stream

- A minimum of 70% in aggregate and
- Mathematics can be offered if the student has secured 60% in Mathematics. (if declared pass).

C. Humanities

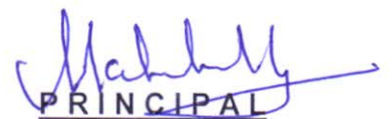

- All students of the school (if declared pass).

[To declare pass a candidate is required to secure minimum 33% in theory (out of 80 marks) and internal assessment (out of 20 marks) separately].

In view of conduct of Term-2 examination by CBSE in the month of April-May, 2022, the Admission Committee of the school is planning for completion of provisional admission of the internal students by the month of February, 2022.

Suggestions of parents, if any, are requested by 30.11.2021 in the interest of the students' community.
